SERIOUS TURN TAKEN

An Outbreak Hourly Feared at Several Different Places.

ARMED DEPUTIES ON GUARD

Five Hundred Miners March From the Finleyville District to the Banola Mines and Compel the Men Working There to Come Out—An Outbreak Feared in West Virginia—At Other Places.

PITTSBURG, July 23.—Excitement was at fever heat in local coal mining circles yesterday. The operators were apparently prepared for any demonstration, and before nightfall they were convinced that matters had taken a serious turn. Early in the morning about 500 miners from the Finleyville district marched on the Banola mines on the river and succeeded in bringing the men at work out. Sheriff Lowry of this county has a force of deputies ready for duty at a moment's notice and trouble is looked for at any time. The deputies are in readiness to go to the mines of the New York and Cleveland Gas Coal company. A march on the Turtle Creek, Plum Creek and Sandy Creek mine is expected at any time. It was learned from reliable authority that such a march was in contemplation, but would not take place until the latter part of the week.

At Canonsburg it was reported that 1,000 men would march to the coal mines and stay there until the diggers came out. Sheriff Clark of Washington county was on hand with a large number of deputies and trouble was expected if the strikers attempted to force the men to quit work.

The miners' leaders continue at work in an effort to get the miners in the Connellsville coke region out, but dispatches from Uniontown and Dunbar indicate that they are meeting with poor success. A Uniontown dispatch says the leaders are very much disheartened and admit privately that they have failed to create any strike sympathy. The Redstone miners, it is claimed, will be back next week. Dunbar dispatches say there is very little probability that the coke region will become a factor in the strike.

The new state law to compel operators to weigh the coal before it is screened and to pay the miners on its basis, is to be tested to its fullest extent and the whole uniformity agreement hinges on this test. A large number of operators are putting in scales so as to weigh the coal according to the new law, but others are preparing to fight it. Among the latter is W. P. Dearnit, who says the law can be abrogated by the right of private contract, and he intends to test it by the contract he has with his men. Under this contract he agrees to pay his men 54 cents per 2,000 pounds for coal screened over one-half inch screen, with nothing to be paid for coal dropping through said screen. He claims the miner has a right to mine coal to be paid for after screening and that the operator can also pay the miner in this fashion.

A member of the arbitration commission said last night that the new anti-screening law would cut a figure in the new agreement and the law would be thoroughly tested before it is incorporated in the agreement.

The arbitrators were at work among the Pittsburgh operators yesterday and they are trying every means to bring about a meeting of the operators. So far they have been unsuccessful in arranging for a meeting, but it is hoped to accomplish this shortly. Mayor Ford said that he had not consented to call a meeting and that he would not do so, although it had been suggested to him that such a proceeding would be the best thing to do under the circumstances.

A Wheeling dispatch says the miners at the Boggs mine refused to come out when requested by a committee of strikers to do so, and arrangements are being made for a demonstration of strikers there. While it is declared to be a peaceful demonstration another refusal to come out may precipitate trouble.

SHERIFF CALLED OUT.

Armed Deputies Guard the Hite Mine Near Fairmont, W. Va.

FAIRMONT, July 23.—Armed deputy sheriffs of the county now guard the Hite mine at Kings, three miles above here on the Tygart's valley river. The sheriff was called there yesterday afternoon as the operators feared an outbreak, but no arrests were made. Early in the morning the drivers at that mine joined the strikers as a result of the efforts of Crawford Temple, a Monongah miner, who, since joining the union, has proved as efficient a missionary as the organizers could desire. The operators secured new drivers in an hour and at noon over half of the miners came out. Then the second lot of drivers threw up their positions and some of the men began stoning the miners, who were forced to leave their work, and who had assembled in front of the mine. Rolf Hite, the superintendent, soon had his faithful Winchester in his hands, and three shots quenched the enthusiasm of all the strikers but one, who made for Hite with a pick, but he was driven off at the point of a revolver. The operators, however, feared another outbreak and called on the county officials for aid. Organizers are there and they say all the men will join the strikers, but Hite states that all or most of the men would remain at work.

"At our conference," said President Ratchford last night, "it was decided to give the Fairmont district more attention as we feel confident that the miners can be gotten out. I speak at Monongah this afternoon and at Fairmont tonight."

ILLINOIS MINERS.

Even the Small Unorganized Miners Are Joining the Strike.

SPRING VALLEY, Ill., July 23.—The miners' union of this city has sent John Mitchell, a prominent organizer, to Kewanee and Galva, where there are little mines that have been working all through the suspension. Those miners, it was said, would come out if requested.

Not a mine at Bureau county is at work now, except one at Sheffield, and it is said that an effort will soon be made to get those men out. The miners of this vicinity think their chances of winning are good, and they have committees out actively at work soliciting aid. Business men of this city met in the city hall last night to take steps looking to the relief of the miners.

Not a Miner at Work.

BLOOMINGTON, Ill., July 23.—Complete suspension of mining began yesterday at the shaft of the McLean County Coal company. Not one of the 800 miners, union or nonunion, reported for work. Perfect peace reigns and there is no present indication of trouble of any kind.

All Stopped but Two.

COLUMBUS, O., July 23.—National Secretary Pearce yesterday evening received a telegram from Organizer Dilleker that the Kanawha Valley, West Virginia, with two exceptions, had stopped and these two will stop Saturday.

MCKINLEY'S VACATION.

If Congress Adjourns He Will Begin It Next Wednesday.

WASHINGTON, July 23.—President McKinley will leave Washington next Wednesday for his summer vacation on Lake Champlain, provided congress adjourns in time to permit it. He will proceed directly to Plattsburg, on the west side of the lake, not stopping at any intermediate point if it is possible to avoid so doing. It is the intention of the president to have all of his announcements of executive action taken while he is on his vacation made through the regular machinery at Washington, his purpose being to secure relief from the cares of business as far as possible.

Secretary Sherman has arranged to leave Washington for Amagansett, on Long Island, this week. His daughter, Mrs. McCallum, is summering at that place, and the secretary expects the change in climate will assist him in recovering his health. Second Assistant Secretary A. A. Adey will act as secretary of state in the absence of Secretary Sherman and Assistant Secretary Day.

Railroad Ordered Stopped.

INDIANAPOLIS, July 23.—Judge Woods of the United States circuit court has issued a decree, ordering the sale of the Terre Haute and Logansport railroad, a branch of the Vandallia. The suit to foreclose an extension mortgage was brought by Benjamin Harrison, as trustee. The complainant is to receive \$93,030, with interest at 6 per cent from date of the decree, and the road is to bear the costs of the suit. If the amount of judgment is not met by the road within 60 days, the master in chancery is to sell the entire line, which is 165 miles in length.

Wild Animal at Large.

JEFFERSONVILLE, Ind., July 23.—Farmers residing along the Utica pike and Middle road are experiencing considerable anxiety on account of the appearance in the neighborhood of a wild animal, in size between the largest wildcat and a panther, somewhat resembling both in form and color. The animal visited George Lusher's barn recently and his dogs were almost torn to pieces in a fight with it. It has been seen at a dozen different places.

George Dinning's Future Home.

INDIANAPOLIS, July 23.—George Dinning, the Kentucky negro who has experienced the terrors of a mob threatening his life, and who has seen the gallows staring him in the face, but who is now a free man, arrived here and will make this city his future home. Dinning was pardoned by Governor Bradley Saturday night, but he knew nothing about it until Monday morning, when he was given a new suit of clothes, \$5 and a ticket to Louisville.

Collision of Small Vessels.

VINEYARD HAVEN, Mass., July 23.—A collision between the schooner P. L. Lewis of Falmouth, N. S., and the Lottie R. Russell of Leesburg, N. J., occurred in Vineyard sound last night, as the result of which the Lewis today lies in about eight fathoms of water, while the Russell is at anchor in this harbor, considerably damaged, but not leaking. The captain and crew of the Lewis escaped in safety and succeeded in saving some of their personal effects.

Indianapolis Democratic Ticket.

INDIANAPOLIS, July 23.—The Democratic convention for the nomination of municipal ticket was held yesterday, resulting as follows: For mayor, Thomas Taggart; for city clerk, Charles Stuckmeyer; for police judge, Charles E. Cox. Unusual significance attached to the convention from the fact that the platform declared for the free and unlimited coinage of silver at a ratio of 16 to 1. Mr. Taggart stands squarely on the Chicago platform.

POISONED ON WHISKY

Coroner's Verdict Rendered on a Mysterious Death.

SEVERAL PERSONS IMPLICATED.

A Number of Arrests Will Be Made by the Authorities—Crops Damaged by Rain—Destructive Work Done by Lightning—Dispute About a Horse—Deaf Man Killed—Other Ohio State News.

CHILLICOTHE, O., July 23.—At 1:30 yesterday afternoon Coroner Hiram Streitenberger rendered his verdict in the case of mysterious death of Henry C. Lafkins, found dead in bed Sunday, in which several persons are implicated. The verdict is to the point and is in full as follows:

"After having heard the evidence and examined the body I find that deceased came to his death by alcoholic poisoning. I further find that several persons residing in Chillicothe were instrumental in placing unduly large quantities of whisky in the hands of the deceased that he might be kept in a continued state of intoxication and they wrongfully induced him to give them a large portion of his money while he was in an intoxicated condition." A number of arrests will be made by the police.

TOO MUCH RAIN.

Grain Sprouting in the Shock and Damage Done by Lightning.

TIFFIN, O., July 23.—Continued rain is doing a vast deal of damage to wheat in Seneca county. In the vicinity of Fort Seneca rain has fallen on 11 of the past 13 days. Many farmers have not yet completed their wheat harvest and the grain is sprouting in the shock and in many places in the head where it has not been cut.

Three big barns have been burned in that locality. John Walters' barn, which was struck by lightning and destroyed, stood on the foundation of a structure which was burned 10 years ago from the same cause. In that case lightning did strike twice in the same place.

Both Claim the Same Horse.

WOOSTER, O., July 23.—A strange case of two men claiming the same horse was made here yesterday. In the latter part of 1895 Mr. F. F. Shaw of Sidney, O., had a gray horse stolen. A few days ago a stranger noticed at the Wooster depot a horse driven by Messrs. Robertson and Droy which tallied with the description of Mr. Shaw's stolen horse. Both parties claim the same private marks on the horse, and each have their witnesses to prove them. The case has not been settled.

Gold in Ohio.

MINERVA, O., July 23.—Two men were here the past week trying to locate the "hidden treasure" that is now a legend of the county, ancient the burial of a lot of wealth by some men and their sudden flight because of the Indians, along in the 18th century. It is supposed to be buried on the grounds of Addison Hines. They dug a hole 14 feet deep and then left without word as to whether they got the treasure or not.

The Watch Came Back.

JACKSON, O., July 23.—About a year ago Mrs. Charles Doss lost a valuable gold watch through theft. A liberal reward was offered for its return, but nothing was ever heard of it. Yesterday morning Postmaster Harry Holberg found an open envelope in the basket for drop letters. It contained the watch, which had Mrs. Doss' name engraved on the case.

A Woman Caused His Downfall.

LIMA, O., July 23.—Frank Nieberger, agent of the Prudential Life Insurance company, is gone. So is Sophia Vanneman. He bought two tickets. She is a prominent young woman. Nieberger came here from Springfield, O., several years ago. His wife has returned to her parents there.

Lake Shore's New President.

CLEVELAND, July 23.—Gossip in railroad circles has it that President S. R. Calloway of the Nickel Plate will succeed the late General Caldwell as president of the Lake Shore. Both roads are practically under the same management and Calloway stands high with the Vanderbilts.

Deaf Man Killed by a Train.

ELBA, O., July 23.—Shannon Pierce, aged 35, was killed by a northbound freight on the Cleveland and Marietta railroad yesterday. He was deaf, and feeling the jar of the train looked in the opposite direction from the approaching train and was struck from in front.

Cigarette Victim Dying.

PORTSMOUTH, O., July 23.—Charles Dixon, 16, is apparently dying as the result of excessive cigarette smoking. He has for several years been accustomed to smoking from 50 to 60 cigarettes a day, and is a physical and mental wreck.

THE NEW TARIFF BILL.

It Will Be Put in Operation Just as Soon as Signed by the President.

WASHINGTON, July 23.—The treasury officials have made preparations to put the tariff act into operation immediately upon its receiving the signature of the president. Copies of the bill have been sent to customs officers throughout

the country, in anticipation of its passage, and it is expected that all will have reached their destination by the time the bill becomes a law. Collectors also have been instructed to make the change from the old law to the new, upon receipt of trustworthy information, official or otherwise, that the bill has received the president's approval. Officials who have given the pending bill careful scrutiny, state that it is exceptionally free from ambiguities and inconsistencies, and little trouble is anticipated in formulating regulations governing its administration.

LOGAN STATUE UNVEILED.

The Entire City of Chicago Decorated for the Occasion.

CHICAGO, July 23.—With imposing ceremonies and in the presence of a tremendous crowd the magnificent equestrian statue of General John A. Logan was unveiled yesterday in Lake Front park.

The statue of Logan is supposed to typify the dead commander's action at Resaca, when General McPherson was killed. Logan, on seeing his superior fall, grasped the flag and rode up and down the lines, shouting: "McPherson and revenge!"

The figure is the largest equestrian bronze in America, and is the first equestrian work of that famous sculptor, St. Gaudens. In position the statue is 40 feet high. The pedestal alone cost \$10,000. The state legislature, immediately after the death of General Logan, appropriated \$50,000 for the statue.

Every train coming into the city in morning brought hosts of excursionists. It was virtually a local holiday.

The reviewing stand and buildings along the route of the big parade were resplendent with the national colors and other decorations. Logan's picture was in windows all over the city.

It is estimated that the following number of men took part in the parade preceding the unveiling ceremonies:

G. A. R., 5,000; United States troops, 2,500; national guards, 7,000; Knights Templar, 1,500; Knights of Pythias, 750; postoffice employees, 1,200; miscellaneous, 1,000. Total, 18,950.

The right of the line, the post of honor in the march, was given to the survivors of the Thirty-first Illinois volunteers, General Logan's old regiment. There were 100 of them in line, led by General R. N. Pearson, their last colonel.

The marine display surpassed in number of craft and appearance of the fleet anything that Chicago has ever seen. There were more vessels anchored inside of the outer breakwater and opposite the Logan monument than floated past the Grant monument at the time of its dedication, and the decorations of the fleet surpassed everything heretofore attempted.

The fleet consisted of 38 yachts, 6 passenger steamers, 6 merchant steamers, 19 tugs, lifesaving boats, fire tug, revenue cutters Gresham, Fessenden and Calumet.

PORTUGAL FLAG EPISODE.

The Alleged Insult in Southern California of No Great Importance.

WASHINGTON, July 23.—The insult offered to the flag of Portugal by a party of students in southern California on the Fourth of July is not expected to lead to any complications. Viceconsul de Santo-Thyrso, the Portuguese minister to the United States, called at the state department yesterday and had a short talk about the matter with the officials.

He previously had brought the incident to the attention of the department, which in turn has caused an inquiry to be made of the state authorities. The report of the governor of California, however, has not been received, as the minister was informed. He expressed great satisfaction at the tone the American newspapers had adopted in referring to the affair.

Not Andree's Pigeon.

STOCKHOLM, July 23.—Dr. Ekholm, who was associated with Andree in the projected balloon expedition last year, does not believe that the carrier pigeon caught on Tuesday in the neighborhood of Soerby, in Rifylke, with a silver ring on one of its feet and the message, "North Pole, 142 W. 47.63" on its wings, is one of Andree's pigeons. He says that Andree's pigeons do not wear silver rings on their legs and they have "Andree" stamped on their wings. Moreover, he is confident that Andree would not send such an obscure message.

Hung the Man and Whipped His Wife.

LOUISVILLE, July 23.—Ephraim Brinkley, who shot and killed Cyren Troualis last week, was hanged by a mob in front of Troualis' house Wednesday night in the town of Nebo, which is about 10 miles from Madisonville on the Providence branch of the Louisville and Nashville railroad. The mob severely whipped Mrs. Troualis, who is charged with being Brinkley's accomplice in the murder.

White Caps in Arkansas.

LITTLE ROCK, July 23.—A band of lawless White Caps is operating in Randolph and Lawrence counties, and have the people terrorized. Last night the "Kuklux" took a widow from her home and whipped her to death. A man and his wife were whipped for not sending their daughter to school. Lawrence Gray, a farmer, was carried away by them a few nights ago and he has not been heard from.

Burrowed Out of Jail.

TERRE HAUTE, Ind., July 23.—Ed Henderson, white, and Zach Thompson, Peter Wilson and James Brooks, colored, who were arrested for attempted burglary, burrowed out of jail last night and are still at large.

THE CLOUDS OPENED

A Downpour of Rain in the Vicinity of Youngstown, O.

MANY PEOPLE MAY BE DROWNED.

The Entire County East and West for Twenty Miles Was Flooded—Great Damage Done to Property—Railway Lines the Greatest Sufferers—Traffic Entirely Suspended on Some Roads.

YOUNGSTOWN, O., July 23.—At 7 o'clock last night a terrific cloudburst struck this town, flooding the entire valley and causing great damage to property, both in the city and along the railway lines. Many people are supposed to be drowned. The entire county east and west for 20 miles was flooded and the damage will be enormous, the railroads being the heaviest losers. The Erie railroad, west of Warren, 14 miles, and north of Sharon for the same distance, was entirely flooded out, and orders were issued to discontinue all trains.

Many residences here were flooded out, and the occupants were taken away by the police and fire departments.

The Catholic church at Niles was struck by lightning at the same hour and nearly destroyed by fire, while business houses and manufacturing concerns were flooded out.

Henry Myers, a tailor, while standing at his residence on Mill street, was struck by lightning and killed instantly. He leaves a family.

On every railroad leading into the city comes reports of extensive wash-outs and bridges swept away and officials say the loss will be the heaviest they have ever known.

The cloudburst occurred about 10 miles out along Crab creek, running into the city in the northeast along the Erie and Lake Shore railroads, and emptying into the Mahoning river near the Lake Shore depot. The water did not begin to rise much in the city until after 9 o'clock. At about 10 o'clock the water came down the valley into the city and formed into a flood, sweeping everything that was not fastened down before it. The bed of the creek was not more than 20 feet wide, and the flood spread out to a width of about 2,000 feet. It rose quickly and in less than 20 minutes the water was up to the second story of all the dwelling houses in the flooded districts.

It is a certainty that not all of the people escaped from the houses. The whole district was covered with darkness, except one small place where a lone electric light shone. Firemen, police and others were on hand quickly, but were powerless to rescue anybody, as not a boat of any kind was to be had in that portion of the city. The cries of the people in the houses were heart-rending to those who stood at the water's edge and were forced to retreat slowly on account of the gradually rising water.

One whole family was heard crying for help from upstairs windows when suddenly there was a grinding noise as if the house was being moved from its foundation and soon the cries from that place ceased. The intense darkness made it impossible to see what was going on, but it is supposed the house and its occupants went down in the flood.

People at the water's edge heard a man crying for help who was apparently being carried down in the flood. The voice grew fainter and it is supposed the unfortunate man perished.

Pitiful cries for help were heard continually, but the crowd on the shore could do nothing in the way of giving aid. Police and firemen went at once to another part of the city after boats, but it was midnight before boats were gotten to the flood d Crab creek district and the work of rescue could be started. The boats were manned by firemen, who went to work with a will, but could not make rapid progress on account of the swift and dangerous current. Nine families were taken out of second story windows within a half hour, and many people were picked up clinging to debris.

Nothing definite will be known as to the loss of life till the water recedes.

THREE-CENT FARE LAW.

It Is Again Decided Unconstitutional by Judge Showalter.

INDIANAPOLIS, July 23.—Judge Showalter of the federal court has sent down from Chicago his decision on the 3-cent car fare law. He sustains his former opinion and holds the law to be unconstitutional. His former decision held that the law applying to Indianapolis only, purporting to fix the street car fare at 3 cents, was void. He granted an injunction restraining the city and state officers from enforcing the law and the company from obeying it.

Another case involving the law was carried from the Marion county circuit court to the state supreme court. This court, by a unanimous decision, held the law to be unconstitutional.

The city and state officials are not disposed to accept the Showalter decision as final, but will see what further can be done in the courts. They have not yet decided upon a course of action.

He Was a Cigarette Fiend.

KANSAS CITY, July 23.—While Everett Shaw, who has been employed near here as a farm watchman, was lying in his tent with his brother, he drew a revolver and said: "I guess I'll take a shot at the stars—no, at my own fool self." Shaw then shot himself and died before a doctor arrived. He was a cigarette fiend.

INDICATIONS.—Fair weather, except showers on the lakes; brisk to high southerly, shifting to westerly winds.

The suggestion of Secretary Gage that Congress put a tax of about 1 cent a pound on all the sugar that the trust has imported to escape the new tariff is a good one, but it will be noticed that Congress is paying little attention to it. They couldn't think of doing anything to hurt the trust.

An effort is being made to remove the Internal Revenue Collector's office from Richmond to Danville. The Government has just completed a \$100,000 public building at the former place, and if the removal is made Uncle Sam will have little or no use for the building. The public building at Richmond is a sample of the extravagance of Congress along this line.

EVEN Attorney General Taylor, the father of the idea, has abandoned all thought of forcing a fusion with the National Democrats by having the Republicans adopt the National Democratic device.—Courier Journal.

If the truth were known, the idea was originated by some "National" Democrat. There was evidently a deal on by which the crowd of goldites were to help the Republicans in the fight for the city offices of Louisville in return for votes for Appellate Clerk.

CAPTAIN J. C. BRYANT, a gold Democrat of Ashland, was here to-day and called on Gov. Bradley. Bryant is an applicant for the position of Assistant Mine Inspector, and is said to be a winner, although Hart Vance, of Louisville, is making a hot race for the place.—Frankfort dispatch.

Gov. Bradley ought to take pity on this ex-Democrat, and give him an office. Most any old thing would do, just so it's an office. If there ever was a chronic office-seeker, Bryant fills the bill. He imagines he has done wonderful things for the Republicans, and that they now ought to do something for him. He thought McKinley would certainly give him something and had the gall to ask for the U. S. Marshalship. Now he's willing to take the insignificant position of Assistant State Mine Inspector. If the Republicans don't soon give him something he'll quit them, sure.

The appointment of Terrence V. Powderly to be Commissioner of Immigration has raised an awful row about the capital, and protests from labor organizations are coming in to Senators by the hundreds, rarely by the thousands. At one time it looked as if his appointment was impossible in view of the fight which was made on him. The protests which are coming in now will put many a Senator, especially those from the far West, on the anxious bench for a while. But the opposition will not succeed in preventing his confirmation.

The above is taken from a despatch from Washington. Powderly's support of McKinley in the last campaign was a clean sell out, and of course the President will now have to stand up to the bargain and deliver the goods he promised the traitor and adventurer. There's one consolation, however; this ends Mr. Powderly's influence among the workingmen.

THE PRICE OF WHEAT.

It Is Up Everywhere and on the Rise. Large Quantities Being Exported.

[Commercial Tribune, July 22nd.]

J. Parker Gale, who is recognized as one of the largest wheat buyers in the market, was decidedly bullish on 'Change yesterday. He said: "Wheat is up everywhere this morning. It is 74 cents in this market. A little more than a week ago it was selling at 67 cents. The present price assures the farmer 70 cents for his wheat, which is a splendid return compared with a few years back. Wheat is better, any farmer can now sell for August or September, and still net his 70 cents."

"I talked with a New York exporter this morning, and he told me large quantities of the new wheat are being sent to Europe. We have but one competitor there, Russia, and he says our crop so far excels in quality that of Russia that our wheat finds ready market. It is selling at 80 cents abroad. The lateness of crop was a good thing for the market. I think the big advance is partially due to the inability of shippers to fill July contracts. Farmers are happy over big prices, and that means better times for everybody."

MILLIONS IN SUGAR.

Interesting Figures Showing What the Republican Tariff Has Already Made for the Trust.

[Chicago Tribune.]

Amount gained by the rise of 5 1/2 points in sugar stocks to-day was \$2,195,000.

The common stock is held as follows: Standard Oil clique, 200,000 shares; Havemeyers, 50,000; and floating, held by speculators and investors, 125,000 shares.

If the Standard Oil clique's shares had been thrown upon the market on Monday they would have made \$1,175,000. The Havemeyers would have been richer by \$295,000. The floating shares would have made \$735,000.

The preferred stock—375,000 shares, representing a capital of \$37,500,000—went up 2 1/2 points, which would have realized \$844,000. This stock, however, is held by investors.

The common stock is also in 275,000 shares, representing a capital of \$37,500,000.

In four weeks the stock has gained 27 points, from 112. The money earned by this rise on the stock market is \$10,125,000.

The Board of Directors, with the valuable and kindly aid rendered by State Secretary H. E. Rosevear, have been soliciting subscriptions for the second year's work. Thus far, more than half the required sum has been pledged and a good portion of it paid in.

The necessary support for the work is now practically assured. Further progress with the canvass will be made from time to time by the directors.

Parties desiring to pay their subscriptions are kindly requested to make payment to Mr. J. B. Russell, Treasurer. Any assistance will be thoroughly appreciated.

Secretary J. E. Canfield left on No. 2 yesterday afternoon for New York State where he will spend several weeks with relatives.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at J. James Wood's Drug store. Regular size 50c. and \$1.

Colonel Boone Has Struck Louisville. LOUISVILLE, Ky., July 21.—Col. Albert E. Boone claims to have the backing of an English syndicate for the building of a new railroad from Chicago to Savannah, penetrating the Kentucky and Tennessee coalfields and the rich marble country of the South. Branches will be built into the coal and stone regions of Ohio, Pennsylvania and Indiana. Thousands of acres of land have been purchased, Col. Boone says, and if the people along the proposed route shall manifest the proper interest, the project will result in success.

LANGDON & Co., of Cincinnati have rented the Hechinger building on Sutton street lately vacated by Mr. T. Y. Nesbitt, and will engage in the grocery business on a large scale. The new store will be opened as soon as the house can be placed in order. Mr. F. C. Langdon is at the head of the firm.

COL. W. W. BALDWIN was before the State Board of Sinking Fund Commissioners Thursday morning. It is said he has suffered a loss in depreciation of property to the amount of \$100,000 from the turnpike raiders.

MR. W. P. WALKER, JR., Freight Traffic Manager of the Chesapeake and Ohio, and a member of the Board of Managers of the Joint Traffic Association, sailed yesterday from New York on the Fuerst Bismarck for Europe. He will be absent about six weeks.

THE recent sale of the gas well and adjacent property at Warfield, known as the Tug River Coal and Salt Company, has been set aside by Judge Barr of the Federal Court. The property was bid in by Cincinnati parties for \$68,000. Those making the motion guarantee a bid of \$10,000 more than this.

ATTORNEYS for the life insurance companies sued by the heirs of ex-Treasurer Dick Tate intimate that they will spring a sensation when the case comes to trial. The inference is that they believe they have evidence that Tate is still alive in Japan and that his relatives are still in correspondence with him.

DR. J. S. HAYS returned yesterday from a very enjoyable visit to his friends in Pennsylvania and will occupy his pulpit as usual next Sabbath morning. In the course of this service the communion of the Lord's Supper will be administered. The members of the church are requested to take notice of this fact.

EXCHANGE: "A recent order issued by First Assistant Postmaster General Heath compels all postmasters to so stamp letters that the postmark can be readily read at sight. This is certainly an excellent move, as about ninety out of every hundred postmarks cannot be read by the assistance of a magnifying glass."

THE Fayette County grand jury is investigating the charge that Dr. Scott, Superintendent of the Eastern Kentucky Lunatic Asylum, has not been allowing patients and the attaches of that institution a sufficient amount of food. The Superintendent claims that owing to the failure of the State to pay over the money owed the asylum, he has been short of funds, which is a very poor excuse for not furnishing all the food needed.

POLITICS is sizzling hot in the Senatorial district, composed of the counties of Nicholas, Harrison and Robertson. The primary is set for August 7th, and there are two announced candidates for the honor, Hon. J. C. Gillespie, present Representative, and Dr. W. H. McNew, a popular physician. Gillespie is supposed to have Blackburn's influence, which gives him some advantage in the fight, but McNew is a good stumper and has made several telling speeches.

"It is not difficult to understand," says an old rider, "why cycling is ousting walking as an exercise. An average pedestrian covers about thirty inches to each step. The average wheelman by one revolution of his pedals (which is equivalent to a step) covers about seventeen feet, and as the movement is so easy and devoid of fatigue he usually raises his foot twice as often in the same time, thus covering thirty-four feet while the pedestrian goes two and one-half feet."

OWENSBORO Inquirer: "The tomato fields around Owensboro attract the attention of a great many people, not a few of whom do not know what the plants are, being used to seeing only a few in gardens. J. E. Greenwood has 32,000 plants in one field. Ben Field and J. W. M. Field have about the same number, and altogether there are about 500,000 plants standing in three miles of the city. The yield is enormous, and measured by the acre the crop brings a great deal more than tobacco or any other field crop."

BASE BALL.

Arrangements Should Be Made For a Series of Games On Return of the Team From the South.

The work of the Mayevilles at Knoxville shows that Manager Wadsworth has gotten together a team that will maintain Maysville's wide reputation on the diamond. It was announced before the club started South that the team would be brought here for a month or two after the trip to Knoxville and Asheville provided our business men and local lovers of the sport extended the proper encouragement. The necessary arrangements should be made. A series of games with some good clubs would demonstrate whether Maysville will support a team. Let some one take hold of the matter and see what can be done.

Lexington Herald: "The Lexington base ball team has just been reorganized, and will play the first game of the season with the Nicholasville nine on their grounds Friday. Other dates will be made at once. The old ball park is being put in tip-top order, and it is the purpose of the club to bring as many games as possible to Lexington. The men from whom the team will be chosen are as follows: Conover, Douglas, Frazier, Coleman, Stoll, Bronston, Alford, Woolley, Gleason, Beckner and Nave. This is a good line of material and a good team is assured."

A dispatch from New York Thursday says: "McGann, the big Toronto first basemen, is attracting attention by his heavy hitting." This is our own Captain McGann, who piloted the crack Maysville team in 1895 to such wonderful success. The Louisville League team made a mistake last spring in not securing McGann when the opportunity was offered.

KNOXVILLE, TENN., July 22.—Pyatt, the young pitcher for Maysville, Ky., who is to be given a trial by Pittsburgh, lost his game here to-day, score 5 to 4. Pyatt gave up eight hits and struck out nine men. His opponent struck out eleven men and gave up only eight hits.

BRIDGEPORT, Conn., July 23.—Margus G. Nichols, an aged and wealthy farmer, residing in Daniels' farm, was murdered by two masked burglars at his home early yesterday morning. His sister, Mary, was shot seriously and the thieves ransacked the house and secured about \$300 in money.

ANOTHER WRECK.

A Head-End Collision Between a Couple of Freight Trains at New Richmond Last Night.

Last night between 8 and 9 o'clock, there was a head-end collision between a couple of C. and O. freight trains at New Richmond.

As a result the two engines and several cars were demolished, and an engineer and fireman and Detective Fitzgerald were injured, their escape from death being a close one.

The two trains had orders to pass at New Richmond. It appears that each crew thought they had the right to the main track, and that the other train was to take the siding.

The eastbound train had stopped at the station and was standing on the main track, when the westbound crashed into it.

The force of the collision was so great, it is said, that the eastbound train was driven about 100 yards down the track. Both engines, as already stated, were almost completely demolished.

The wreck delayed all traffic about three hours, it being 1:30 o'clock this morning when the eastbound fast express passed Maysville.

Detective E. W. Fitzgerald was on the westbound train. He received two or three scalp wounds, but his many friends will be glad to learn that his injuries are not serious. The engineer and firemen of the westbound train were also slightly bruised.

MR. F. C. PETRY,

The Well Known Cigar Manufacturer Sent to College Hill Sanitarium at Cincinnati.

Mr. F. C. Petry, the well known cigar manufacturer, was tried Thursday afternoon before Judge Hutchins and a jury, and adjudged of unsound mind and incompetent to manage his estate.

His mind has been failing since last February. His physicians testified that he is suffering from paresis.

Mr. A. M. J. Cochran was appointed his committee, and, after the hearing, Mr. Petry was taken to the College Hill Sanitarium at Cincinnati by Mr. Cochran and Chief of Police Ort, for treatment.

Mr. Petry's estate amounts to about \$50,000, most of which is in Government bonds and other securities.

Mr. Petry has been one of Maysville's

most successful cigar manufacturers for years, and has a wide acquaintance. His friends everywhere will regret to learn of his sad condition.

CITY TREASURER FITZGERALD has been on the sick list a few days, suffering from an attack of pleurisy.

LAST Sunday the Chesapeake and Ohio turned over more loaded cars to the Big Four than ever before on any one day.

MARK H. OVERLEY, of Madison County, has had his pension restored and supplemented.

ATTORNEY GENERAL TAYLOR will institute suit against County Clerk J. Wise Hagins of Breathitt County for \$341 due the State.

THREE or four tough looking hobos started out on a raid in the Sixth ward last night, but made themselves scarce when a policeman was sent for.

THE gross earnings of the Chesapeake and Ohio for the second week of July were \$213,971, an increase of \$21,421 over those of the corresponding week of last year.

MR. NOAH SHELTON, of Aberdeen, will draw a pension of \$2 a month from October, 1881, and \$6 per month from March 2, 1895. Major John Walsh was his attorney.

AN Associated Press cable from London says it is extremely probable that Great Britain may consent to participate in a bimetallic conference, to be held in Washington next fall.

MR. HENRY WALZ was summoned to Cincinnati Thursday afternoon by a telegram, announcing the critical illness of his son, Mr. Harry Walz, who is suffering from an attack of typhoid fever.

GEORGE MULLEN, aged eighteen, of Ripley, playfully slapped an old horse, which had stepped in his path. The horse kicked him in the groin, inflicting injuries from which he died a few hours later.

WHEAT advanced 2 cents a bushel in the Louisville market Wednesday and is quoted at 72 cents, with light receipts. The heavy export demand has put up prices everywhere. Potatoes, onions and cabbage have also advanced sharply this week. Potatoes are bringing \$1.50 and \$1.75 a barrel, when last year they sold at 40 and 65 cents.

FOR THE FIRST TIME

American Wheat is Being Shipped to Brazil.

SAN FRANCISCO, July 21.—That there is an actual shortage in wheat in the Argentine Republic, has been demonstrated by the chartering of two big ships to carry wheat to Brazil, one of them, the Comliebank, 2,129 register, being already loaded and ready for sea. The other, the Cressington, 2,000 tons, is ready to begin loading at once.

These ships will carry a large store of grain to the Brazilian capital, the first time in the history that a cargo of the kind has gone from here to the port. Brazil has always depended upon the Argentine for its wheat supply heretofore.

He reports the Dispatch in flourishing condition, and gaining new friends and new patronage right along. Mr. Brayfield left this morning for Louisville.

The workman often eats his lunch on the same bench where he does his work. The office man turns his desk into a dining-table. Neither gets the out of door exercise he needs, neither takes the proper time for eating. It is small wonder, that the digestion of both gets out of order. In such cases Dr. Pierce's Pleasant Pellets come to their assistance by aiding nature in taking care of the food.

The cause of nine-tenths of the sickness of the world is constipation. From this cause come indigestion; disorders of the stomach, liver and kidney; biliousness, headaches, flatulence, heartburn, impurity of the blood and the serious complications that follow. To begin with, constipation is a little thing, and a little thing will cure it. The "Pleasant Pellets" are tiny sugar-coated granules. They will perfectly cure the worst case of constipation and indigestion.

If the druggist tries to sell you some other pills that pay him greater profit, just think of what will best pay you.

NO TIME FOR VOTING.

Still It Is Thought the Tariff Bill Will Pass the Senate This Week.

WASHINGTON, July 23.—Shortly before the senate adjourned yesterday Senator Allison, in charge of the tariff bill, made a strong effort to have a time fixed for the final vote on the tariff conference report. Failing in this, Mr. Allison gave notice that the session today would be protracted with a view to securing a vote. It was the first definite movement made thus far toward bringing the debate to a close.

Mr. Allison's first proposition was for a vote at 5 o'clock today, but this was objected to by Mr. Pettus of Alabama. Then he proposed a vote some time before adjournment today, which was objected to by Mr. Morgan. The suggestion of Saturday at 1 o'clock met with like objection from Mr. Morgan. The Alabama senator explained his last objection by stating that he thought all debate on the report would be exhausted today, so it was needless to make an agreement in advance. Finding that there was no disposition to reach an agreement, Mr. Allison finally gave notice that hereafter, while the report was pending, the senate would not adjourn without a yeas and nays vote.

The debate on the report yesterday was participated in by Senators Chilton of Texas, Jones of Arkansas and Pettigrew of South Dakota in opposition, while Mr. Aldrich took frequent occasion to defend the report against the criticism of these senators.

The credentials of the new senator from Tennessee, Thomas B. Turley who succeeds the late Senator Harris, were presented to the senate by associate, Mr. Bate. Mr. Turley was then escorted to the vice president's desk where the oath of office was duly administered. On the desk to which he was assigned on the Democratic side, was a superb bouquet of carnations.

Without further delay the consideration of the tariff report proceeded.

At 5 o'clock the senate held an executive session and then adjourned.

GREAT WHEAT CROP.

Indiana Harvest Larger Than It Has Been in Many Years.

WABASH, Ind., July 23.—Receipts of new wheat in Wabash and all towns of the county are increasing rapidly, and are larger now than at any time in three years. Reports of phenomenal yields are coming in from many localities, a number of farmers having thrashed out fields running 30 bushels to the acre, while a few have had 40 bushels.

The grain has never been surpassed in quality, nearly all marketed grading No. 2, while that grading lower misses not because of the quality of the berry, but on account of the presence of rye.

Secretary Sherman Out Again.

WASHINGTON, July 23.—Secretary Sherman reappeared at the state department yesterday after confinement to his house for nearly a week, on account of a bad cold and inclement weather conditions. He professed to feel fully recovered, and does not appear to have lost any of his vigor.

Tangled Up With a Mower.

GREENFIELD, Ind., July 23.—Two horses hitched to a mower in a field belonging to Smith Fry, who is 72 years old, became frightened yesterday and ran away. The mower caught Mr. Fry and dragged him across the field, crushing his ribs and badly injuring his left leg. He was hurt internally.

Killed by a Passenger Train.

VINCENNES, Ind., July 23.—Joseph Fields was killed by an Indianapolis and Vincennes passenger train here at noon. Fields stepped out of the way of an Evansville and Terre Haute freight train immediately before an approaching passenger train. He leaves a wife and two children.

SARDIS.

Orville Grigsby is slowly improving.

Miss Maggie Calvert is visiting her brother, Mr. Mae Calvert.

Quite a crowd of youngsters spent Sunday at Blue Lick Springs.

Frederic Grover has gone to Kansas where he will make his future home.

Miss Lottie Kane has returned to her home after a two week's visit at Sardis.

Miss Julia Lee Manion has returned home after a two week's visit at Mayslick.

ABERDEEN, OHIO.

Miss Cora Sutton has accepted a position as saleslady in Fred Brookover's store.

Mrs. David Cheesman has returned to Washington City with her husband to make it her future home.

Mrs. Dave Deiterich will soon be mistress of the Aberdeen postoffice. She will open her office in August in Mr. Fred Brookover's drygoods store.

Our tannery has shut down in consequence of hard times. Hence, our tannery men have all become farmers. Many are seriously thinking of renting farms in Kentucky.

Fred Brookover, of Rushville, Ind., has purchased Mrs. David Cheesman's entire stock of dry goods and will welcome all to show and sell his goods at hard time prices.

W. S. Sibbald, our leading groceryman, is assuming all city styles by starting a dandy ice closet. Butter and lard ice cold.

RUGGLES CAMP MEETING.

The Services Inaugurated Thursday—An Amusing Incident—List of the Arrivals So Far.

RUGGLES CAMP GROUNDS, JULY 22, 1897.

Editor Bulletin: "Professor Crabbs has come!" "Professor Crabbs is here." These were the words passed from one to another and from each cottage, for his presence on the grounds is always greeted with joy by both old and young, because the children love him and we all love him. Never was any man more gifted than he. We all became captivated by him on his first visit among us and we are still his captives. And his devoted wife is a helpmate, indeed, and as they sing together it is soul-charming to hear them. They came last night, having just finished an engagement in Michigan and as soon as our meeting closes they go immediately to Epworth Heights.

Our meeting opened under the most favorable circumstances—beautiful weather, grounds more beautiful than ever before and everybody feeling joyous and happy.

To-day only one service was held, in the morning at 10 a. m. It was a consecration service and was led by the Presiding Elder Frenger. At this service there was a most amusing incident occurred which detracted somewhat from the seriousness of the meeting. In the tabernacle every year there is always fresh new straw spread underneath the seats. This keeps down the dust and makes it very pleasant for your feet. Bob Plummer's two best hens discovering this, concluded it would be a fine place for nests and suiting their action to the thought soon nestled down. But they got through too soon. While we were all kneeling in prayer these hens set up a kack, kack, kack, kack and made such a noise that it drowned the voice of the brother in prayer. So our good Brother Harrop got up from his knees and started to drive out these intruders from under the benches. And now don't you know, they tell him that he just went to hunt the fresh eggs. Well it is to be wondered at when a poor preacher has to live a year at a time on store eggs that he seizes such a golden opportunity to get some sure enough fresh ones.

The cottages are gradually filling up and although we miss many familiar faces from last year yet there are others ready to fill their places, and I think we shall have one of the most pleasant and profitable meetings ever held on the grounds.

The arrivals so far are as follows: Maysville—Rev. F. W. Harrop, I. M. Lane, Miss Nannie Lane, Mrs. Jane Morris, John Crane and family, G. N. Harding, Miss Nannie Beasley, Miss Maggie Beasley, Mr. Joseph Dodson, Miss Agnes Dodson and two sisters, Harry Richardson and wife, John Cobb and wife and daughter, Mrs. John Brodt, Mrs. T. Lowery and daughter, Mrs. William Shatzmann and family, Mrs. B. McClanahan and family, Mrs. John Alexander and two daughters, also Mrs. King, Mrs. Lee Gray, Ernie Daulton and wife, Bob Pollitt and family.

Covington—Rev. G. Frenger, Presiding Elder, Fleming—Rev. William Jones, wife and daughter.

Vanceburg—Mr. R. Fitch and wife, and Mrs. Bidleman.

Mr. Carmel—G. A. Kelley and family, also Captain Kelley.

—Miss Nannie Tolle left Thursday to attend Ruggles camp meeting.
